Sequence 9, Application US/09419568F

iPatent No. 6331613

GENERAL INFORMATION:
APPLICANT: Dumoutler, Laure
APPLICANT: Louhed, Jamila
APPLICANT: Renauld, Jean-Christophe
TITLE OF INVENTION: (ITFS) The Proteins Encoded, which Encode T Cell Inducible
TITLE OF INVENTION: (ITFS) The Proteins Encoded, and Uses Thereof
FILE REFERENCE: LUD 5543.2

CURRENT FILING DATE: 1999-10-18

PRIOR APPLICATION NUMBER: US/09/419,568F

PRIOR APPLICATION NUMBER: US/09/354,243

PRIOR FILING DATE: 1999-07-16

PRIOR FILING DATE: 1999-07-16

PRIOR FILING DATE: 1998-10-26

NUMBER OF SEQ ID NOS: 29
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       맑
